1. I love you and I give you me. I love you and I give you me. I love you and I've given you me, all of me, me now, now and manifest. "I do"; we've said. There're no going back into the unknown known, the known that have known me not like a man and woman; that which intimacy is, beyond spirit, not; but being it/me, fully. I am us. Arise, smile, and know that I am with thee, in thee, and there is/can be no separation in me. I love you, young one, young one not; I love you all.

2. That hast the/a revelation of me. I am my revelation/the revelator, revelatorily revving up the engines not to sit still and hear themselves roar, but to do my will, be my will, be my kingdom upon the earth, having brought/enacted it/me here. Enacting not in actors performing, but in acting that which is most natural/I Am. My core blood, you; my survivors not; but my altogether increasing in numbers drastically. Emasculated not; emasculated no longer, you reproduce in surrender that which is surrendered/all surrender. I love you. Me.

3. See the time at hand, my clock internal; all things change/changing. Now and forevermore, not; now and forevermore beyond forevermore never/ever grasped and relinquished into my allness, being/becoming my allness, being/becoming my all in all, all being one. I love you.
Me.
I Am.
I love you.

4. Go in peace, assurance, assuaging not your fears/hindrances-thought, but knowing, delving into me further and farther and boundlessly/abundantly, knowing my abundance. Thou hast exploded, not like you're about to do/I am bringing forth. Who is bringing forth? Who is the/my father? You, my son'd one; became, become, one of me, not; one that is one of many that is/becoming only one, altogether lovlied beyond comparison/comprehension base. I love you.
Me

5. I am in you, through you; and not through with you, only beginning/just begun. I love my volumes coming forth hither and yon for all to peruse, not; but ingest, seeing kingdom of heaven one, one, one heaven, one kingdom, one heaven in kingdom one, one kingdom of my heart, being my heart, consisting of them who have surrendered/entered, entered, given, surrendered, loved me, loved my family/boys/girls, and **worrying not about protocols and teachings of not-me and/or me-thought**, let me teach them, let me come and teach them, let me by their own hand teach them through holding their own

hand, with pencils and pens in hand, theirs, giving me the time of day, not; but all time, in the night,s, the day,s, the times upon my breast laying; and making naked ones, not; but bringing/birthing forth clothing regal for the regal-already, those who regal are but not knowing my regalia; transparency, light, integrity of counsel, not; but integrity of word: all. I love you my friend,s. I love you my allwords. I love you all.
Me

6. This is the day of my appearing in me, myself, that which I am, that which I caused to be, surrendered unto, not; but being/bowing before; them bowed no more. I stand, I rise, I authenticate my blessing/rising thee, you who've surrendered; and protocoling me not, allow me to give/teach you, mine. I love you.
Me

7. All thought. All thought. All thought; mine. Required.
Count the cost, you did/have.
Little did you/we know.
Father gives/has given his/us all.
Amen. Hallelujah.
I love/star you. You are mine/heaven'd. One among many not, one that simply says/said, "here am I"/"here I am." "I will."

8. Think not, for granted. I take nothing/no one for granted.
I am eternal I am/I Am. I am strength. I am love-light.

9. I sore not, but soar among/above eagles wings; I have my own. You do.
Sore, not; soar with me now, above the realms/heavenlies of thought, thought so mighty, true, prevalent, and see me all things real, true, and everlasting eternal perfect/perfection, light from/in light.
Perfect love.
Perfect perfection.
Perfect light.

10. Speed, darkness; what's that?
Time, space, gravity; your cohorts no longer.
11. Eye has not seen, but yours sees.
Ear has not heard, but you have let me, you have listened.
You have come, entered.
12. Enter me, the grandest words.
You chose them.
You gave me them.
You gave them to me.
And you died.

You rose, rise now, eternal in the heavenlies not like/limited to thought, but in allness all-realms, in me; now and forevermore, not; now and eternal forevermore beyond just started/starting.
Thank you one/one'er; one'er of my who love me, to/so I can all them.
All my kingdom, one.
I love you.
Me.

13. I give you this day/hour, moments from now, arise, point, say/speak, heavens obey. You learn/you have me all.
There is no difference/deflection in me/my kingdom.
I reside one.
Always have.
Always do.
Always will.
Mine, having been given/award you.
Me.
I bow.
I surrender.
I died, to give you me.
Thank you for taking me/receiving me; in sorrow not, in thought, not; selfishly, not; but doing/becoming that which I did/am; doing-being one and the same, not; yea and beyond, bringing you/all into the/that beyond, that which I am, they are; were, are again.
Repleted.
Completed.
I love you.
Amen.

14. Thank you tender. Be so always. I enact me, truly, by/but with, surrender. I kiss/my kiss.
Me.

15. Good day, all.
Me.

16. To my solemn, cry not; laugh.
See, feel my touch/brow, mine on yours.
Good riddance.
Laugh.
Me, again.
Me always.
We are one.
